PAYMENT POLICY

At the time of your consultation a quote will be given. This fee includes the total cost to perform the discussed procedure.

At the time your surgery is scheduled, a **\$200.00 deposit** is required to secure the availability of the operating room for that day; it does not guarantee a specific time. This deposit is non-refundable if surgery is canceled. If surgery is rescheduled within a 14(fourteen) day advance notice, deposit will be applied to another surgery date.

The entire surgical fee is due 14 (fourteen) days prior to your surgery date.

We accept all major credit cards, bank issued certified or cashiers checks, and cash.

We will accept personal checks no later than 14 (fourteen) days prior to surgery.

Prior to using a credit card we ask that you verify the daily limit as to prevent any postponement of a preferred scheduling day.

Please have all bank checks made payable to: **Dr. David D. Davila**

CANCELLATION POLICY

In the event your surgery is canceled, any costs already incurred, such as laboratory studies or custom order implants will **NOT** be refunded. A minimum charge will include cost of implants, the restocking fee, cancellation fee, and the anesthesiologist fee. These minimum charges also apply to any surgery rescheduled with less than 14 days notice.

I have read and understand the above information.
